OFFERING

FLOWERING SIZE PLANTS & ESTABLISHED PROPAGATIONS

An especially fine selection of choice and extra choice varieties, to delight the most discriminating collector. Mainly Stuart Low hybrids, each and every plant listed is in active growth, vigorous and in good cultural condition.

Select items are never plentiful, yet are always in good demand. May we suggest that you name a second choice when ordering. We do not substitute unless you instruct us to do so.

ESTABLISHED CATTLEYA PROPAGATIONS,

Propagations from well known Stuart Low hybrids of extra choice varieties. These propagations provide an opportunity to add better things to your collection at nominal cost, which should be blooming plants, of exhibition grade, in two to three years. We have received replacement stock including a number of additions, not previously offered, but have only one of each propagation listed. Please indicate your second and third choice.
